Oct. 14th Report of Religious Instruction
 Inspected May 28th.

The Inf. Div. answered nicely. The Rep.
 was said fairly well as a class but
 most of these little ones quite failed
 to say a verse or so alone. Miss Wether
 gives a lesson thoroughly.

I was very pleased with the
 manner in which Miss Park taught
 and her class evidently responded
 to her good teaching.

The highest division showed
 knowledge of their work but evidently
 the whole school was feeling the
 effect of so much change of staff.
